Smartphone holder

Product variant

19747-000-55 - black

Data

EAN	4016842116508
Material	plastic
Screw-on to	tube diameter up to 30 mm
Special features	particularly suitable for smartphones, flat devices and MP3 players; operating elements are not impaired in their function; freely rotates 360°; flexible holding arm for individual alignment
Type	black
Weight	0.225 kg
Width	from 60 to 84 mm

With this universal holder your smartphone is always within reach. The holder is suitable for all flat devices with a width of 60 to 84 mm. The operation is simple and fast. Insert smartphone - press clamping jaws together - done. The device is released at the push of a button. The clamping jaws with integrated rubber pads guarantee a secure hold. The exchangeable support bars with different depths can be individually adapted to the smartphone so that the function of the operating elements on the device is not impaired. Thanks to the flexible ball joint, the holder can be tilted up and down, and rotated 360°. The flexible support arm with a length of 100 mm provides additional individual setting. A stable clamping element with an ergonomic knurled screw allows mounting on any tube up to 30 mm in diameter.
